

## MOTIVA

Client:  & **JACOBS** (Joint Venture)  
Location: Port Arthur, Texas  
Construction Site: Tampico Yard - Mexico  
Completion Date: December 2009  
Contract Type: BOQ  
Total Weight: 83 Pipe-Rack Sections - 24,000 tons

Project Description: Headquartered in Houston, Texas, Motiva Enterprises is a refining and marketing joint venture owned by affiliates of Shell and Saudi Aramco. In 2007 Motiva Enterprises announced the expansion project for its Port Arthur Refinery. The expansion of the Motiva Port Arthur Refinery will make it the largest in the United States with refining capacity of 600,000 barrels per day.

Scope of Work: Our SOW included the assembly of pipe-rack modules for the Motiva Port Arthur Expansion Project in Port Arthur, Texas, USA. The Module assembly includes among other things construction of 83 Pipe-rack sections with a total weight of 24,000 tons.
